This Multimedia CD "Introduction to Bioinformatics" is specially designed for the Students, Researcher, Scientist working in area of Bioinformatics and using the tools and techniques of Bioinformatics. The objective of the CD is to understand the new emerging challenges in the field of Bioinformatics & its practical application in drug designing, molecular modeling, genomics, proteomics, and biological databases.

The contents of this CD covers the maximum areas and application of the Bioinformatics and easy to understand to have the in-depth knowledge of the subject.

PURCHASE ORDER FORM

(Please fill the form in **BLOCK** letters only)

No column should be left blank

Purchaser / Shipment details

Individuals / Organizational Name: _____

Dispatch Address: _____

City: _____ State: _____

Country: _____ PIN: _____

Phone No.: _____

E-mail: _____

Cost of Product

Quantity	Indian Rs.	US \$
/1	Rs. 450/-	\$100

Payment Details

No. of Units

Crossed demand draft no. / cheque no. _____

dated _____ drawn on _____

for Rs. _____

(Bank draft must be drawn in favour of "Bioinformatics Institute of India" payable at New Delhi/ Delhi. Purchasers are advised to write their / organizational name and address at the back of demand draft)
