

BIOINFORMATICS INSTITUTE OF INDIA

(An Initiative of Confre Educational Society)

Dated: _____

To
The Head HR / Personnel

Subject: Experienced & Trained Clinical Trial Professionals.

Dear Sir/Madam

We take this as an opportunity to introduce you about Bioinformatics Institute of India, BII. BII is a premier organization imparting quality training in the field of Clinical Trials and other life science domains like Bioinformatics and Pharma Regulatory Affairs.

BII offers a 12 Month **Industry Program in Clinical Trials, Research and Administration** via Distance Participation mode to interested experienced professionals. During last few years over 500 students from reputed organizations such as Lambda Therapeutic Research, Quintiles, Asian Clinical Trials, Matrix Laboratories Ltd, Lotus Labs etc have enrolled themselves in our programs. **The programs at BII receive both individual and corporate nominations.** We thus have a large community of qualified and skilled professionals in the field of Clinical Trials and Research.

We share available job opportunities with our students as a part of our student and alumni services. It will be mutually beneficial if you can inform your open requirements in the field of Clinical Trials with us from time to time. This information would help us refer you quality and experienced professionals.

We look forward for your cooperation.

With regards,

Geeta Raina
